

## **SERVICE ANNOUNCEMENT**

***Jefferson Transit announces permanent route changes for Westbank routes entering the CBD beginning Sunday, June 2, 2019.***

Beginning Sunday, June 2, 2019, Jefferson Transit routes that travel to the CBD from the Westbank will no longer run on Convention Center Boulevard. Instead, these routes will turn onto Magazine Street from Poydras Street, stopping at Capdeville, Julia, Saint Joseph, and Poeyfarre Streets where RTA already has stops in place along Magazine Street.

The affected routes are as follows:

- **W2 Westbank Expressway**
- **W3 Lapalco**
- **W8 Terrytown**
- **WSL Westbank Sunday Loop**

Due to construction on Convention Center Boulevard, these routes have been temporarily using Tchoupitoulas Street since October 2018, but all routes will move permanently to Magazine Street to offer better access and connections to RTA for riders, increasing efficiency and reliability for JeT in the process.

**The current timetables for these routes will remain the same.**
