

Beginning Wednesday, November 6, 2019, the [E1 Veterans](#) bus will service the new airport terminal. The [E2 Airport](#) route's name will change to "[E2 Airline](#)" as it will still serve the Airline Drive corridor, but it will no longer serve the airport.

The [E2 Airline](#) route's schedule will remain the same.

There will be two branches of the E1 Veterans route. The two branches will have separate schedules, and the buses will be marked as either [E1 Veterans City Park Airport](#) or [E1 Veterans Downtown Airport](#).

Both branches will serve the airport on one end, but the [E1 Veterans City Park Airport](#) will go to the Cemeteries Transit Center (Canal Blvd & City Park Ave) as usual while the [E1 Veterans Downtown Airport](#) will divert onto I-10 at Causeway Blvd, exit I-10 onto City Park Ave, and continue all the way into downtown New Orleans on Canal Street (see [Hard Rock building collapse detour below](#)). The [E1 Veterans Downtown Airport](#) bus will NOT stop at the Cemeteries Transit Center.

**Due to the Hard Rock Hotel building collapse downtown, the new [E1 Veterans Downtown Airport](#) bus will begin service on Wednesday, November 6 with a detour until further notice.**

The bus will divert off of Canal Street to Poydras Street to avoid the building collapse area.

The detour will have the bus turn right off of Canal Street onto Elk Place and then left on Poydras Street to continue downtown. The bus will turn around to reverse course on Poydras using S. Peters Street, Canal, and Convention Center Boulevard. From there, the bus will continue on Poydras until S. Galvez Street where it will turn right and then left to get back on route on Canal, continuing to the end of Canal to get on I-10 at City Park Avenue.

**JeT will be using the RTA bus stops below:**

Arriving Downtown New Orleans	Leaving Downtown New Orleans
Canal at Carrollton	Poydras at Magazine
