TO ALL JeT RIDERS:

In the event of a hurricane, the Jefferson Parish Transit (JeT) system will maintain regular bus service until the Parish is placed under a mandatory evacuation notice when threatened by a Category 3,4, or 5 Hurricane. At that time, the regularly scheduled fixed route service will be replaced with the Hurricane Evacuation System (See map).

Upon official notice from the Parish President, Jefferson Transit will operate hurricane evacuation routes to bring transit riders to one of two Parish Pick-up Points. Buses will run along the routes shown on the Hurricane Evacuation System Map for Jefferson Transit.

Please note that the Hurricane Evacuation routes may be different from the regular JeT routes and please check the Hurricane Evacuation Maps regularly for updates and changes. Refer to the Hurricane Evacuation Map for details.

- No fares will be collected during Hurricane Evacuation.
- JeT operators will pick up passengers at JeT bus stops along the designated routes.
- Riders are limited to one bag per person no larger than 30” x 16”.
- JeT will transport animals only in carriers. If transporting large or exotic animals, please call Jefferson Parish Transit at 818-1077.

For more information, please call 818-1077.

MITS HURRICANE EVACUATION PROCEDURE

Before a storm is in the Gulf, discuss your plans for evacuation with your family. Visit www.getagameplan.org for more information. If a major hurricane approaches and the Parish President declares a mandatory evacuation, the Parish will activate its special needs evacuation assistance plans to help those without means to evacuate. You will be given a number to call to get the assistance you need.

For more information in the event of a Parish evacuation order, call (504) 349-5360.
